About Us

With a presence in over 30 countries and a capacity to produce 2.5 million pens daily, Win Pens is one of the largest exporters of writing instruments in India, servicing a wide gamut of countries, ranging from Mexico, Egypt, UK and Thailand. What started off with a meager capital of \$ 2000 about 12 years back, is now one of the leading manufacturer of writing instruments in India.

We have an equally wide range of products, covering ball pens, gel pens, semi-gel pens, retractable pens, sketch pens, direct filling pens, permanent markers and many more.

Quality Consistency

We design every single pen to manufacture an experience. This is one of the major reasons why we are the one of the fastest growing companies, way above the industry average of 7%. Only the latest and modern technology machinery, imported from Korea, Japan and Germany are used to make your favorite pens. However, we believe that the process of bringing the best quality does not end with manufacturing, in fact that is where it starts.

Hence we use the modern scientific models and systems run by highly qualified and experienced personnel in quality and stock management.

Continuous Innovation

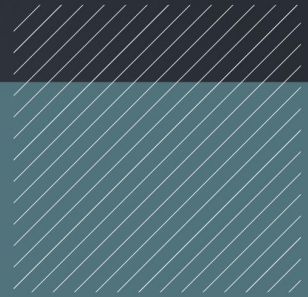

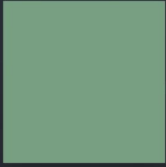

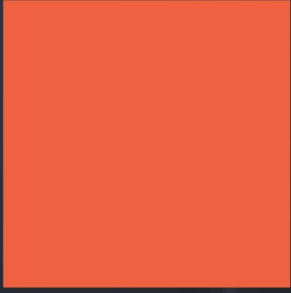

Our Research & Development team work around the clock to innovate in the highly competitive 'Pens and Writing Instruments' segment, offering not only variety, but also advanced features like water-resistant, quick dry technology and spring-loaded tips: the perfect combination of form and function. When you choose us, you can rest assured that you get the best value for your money every single time.

Customisation Of Products

As one of the largest pen exporters in Kolkata, India, we aim to provide customers with the best writing experience and attain utmost customer satisfaction. Design is at the heart of all our offerings. All the packaging and designing is custom-made to suit our clients' markets. We safely claim to be the most flexible Indian company to understand and tailor-make our products as per customer needs.

Today Win Pens is a Govt. of India recognised star export house. We are grateful to each and every person who has been associated with us and contributed in any and every way possible. It is those tireless efforts that have helped us to present Win Pens as one of the leading pen companies today!
